

# FINGERBOARD GAME RULES

**Game pieces:** 10 RED & 10 WHITE discs, 4 BLACK *shooter discs*, 1 *BLUE disc*.

**Number of players:** 2 or 4. (It's a lot more fun with 4!) **4 players:** Team members sit facing each other.  
**2 players:** sit on opposite sides.

**Setup:** Place RED & WHITE discs (alternating) in the outer ring and *blue disc* in the center.

**Game objective:** The first team to pocket all their colour discs and then the *blue disc* wins.

## Quick start

- Wipe off board with clean soft cloth. See picture for setup.
- Use the **black disc** to shoot the red and white ones into the holes in the corners.
- Shoot from half circle in front of you.
- First disc you pocket will be your color. Pocket all your color discs but leave the *blue disc* for last. If your **shooter disc** goes in, take 1 of your discs out and put back in center. If *blue disc* goes in before all yours are gone, take *blue disc* and 2 of your discs out and place in center. If you pocket your color you get another turn. Discs that end up off the board go back in center. First to pocket all their color discs & then the *blue disc* wins.
